Experience

Seeware Technosoft-Frontend Developer
2022 - Present
• Designed dynamic and browser compatible pages using HTML5 CSS3 JQuery and JavaScript.
• Built single page application responsive web design UI using HTML5 grid layouts CSS3 media queries where it's an expression and can be used to either true or false.

Project

Portfolio
• Personal Portfolio website developed using HTML CSS JavaScript.
• This is a single page application (SPA) responsive web application.

Smart eProcurement
• I am using HTML CSS JavaScript JQuery Java and SQL.
• This project of All India Council for Technical Education (AICTE) is to reduce extra time and efforts for choosing correct and suitable bidder as per the required criteria defined by department.

Student Record Collection
This project is developed using HTML CSS JavaScript Bootstrap and Java(Servlet & JSP) .
In This Project I have added registration login record feeding and record retrieval functionality.
This project will help you to verify view record and make it available at your fingertips.

Achievements

Smart India Hackathon 2022 SIH22 Finalist.
